

FOR IMMEDIATE RELEASE

XPO OPENS CHICAGO PROCESSING FACILITY

Torrance, CA. – June, 2011 – XPO, the leading West Coast provider of international and domestic mailing and shipping services, has announced their expansion into the Chicago marketplace. XPO will operate a mail distribution center in the Midwest, strategically located by Chicago's O'Hare Airport. Letters and parcels will be processed at XPO's new facility for distribution throughout the US, Canada and all international destinations.

"This is just another enhancement to our network to provide flexible, cost effective mailing solutions for our customers nationwide," said Kelly Herold-Martinez, CEO of XPO. "By opening our own distribution center it will provide our clients faster and expanded services. XPO continues to stay ahead of the competition by offering every customer a tailored mailing program, rather than forcing them into a rigid plan. This includes everything from special routing to low cost pricing solutions."

The XPO Chicago Distribution Facility will be staffed with XPO employees who will prepare mail and parcels for both domestic and international distribution. XPO currently has distribution centers at their world headquarters in Los Angeles, as well as Canada, Michigan, New York, New Jersey, Pennsylvania and the UK. They have many other global strategic relationships allowing them to deliver mail anywhere in the world.

XPO continues their rapid growth and is projected to grow 40% over 2010.

About XPO

XPO leads the industry in creating dependable customized international and domestic postal solutions which match the unique needs of each customer. It was founded in 2003 by a dedicated group of postal professionals who desired to provide better solutions to then existing mailing services. XPO does not believe in forcing its customers into a box but is committed to Inventing Your Postal Solution™. The senior management team personally creates a truly unique program, utilizing their extensive worldwide network of carriers. This service is backed by a hands-on, world class customer support team. XPO processes millions of pieces of mail each month from smaller, innovative Internet businesses to the largest brands in the world. These include printers, financial institutions, and direct marketing and fulfillment companies. For more information, visit www.XPOmail.com.
