

FOR IMMEDIATE RELEASE

XPO BREAKS INTO INC. 5000'S TOP 100

Ranked #72 in Business Products & Services Nationwide

Torrance, Calif. – Aug., 2009 – XPO, a leading provider of international and domestic mailing services, announced today its new rankings in *Inc.* 5000's list of "Fastest Growing Private Companies in America." The venerable list is an elite ranking of the nation's fastest-growing private companies comprised of forward-thinking entrepreneurs. This year, XPO ranked the 72nd fastest growing company in the Business Products & Services sector nationwide. XPO ranked 63rd in all businesses in their headquarters location of Los Angeles – the third largest metro area in the country. They also broke into the top 1000 companies nationwide with a ranking of 964.

Inc. 500/5000 is ranked according to percentage revenue growth from 2005 through 2008. To qualify, companies must have been founded and generating revenue by the first week of 2005. Additionally, they had to be a U.S. based, privately-held, independent company.

"We are successfully navigating these economically challenging times as potential customers/mailers must find ways to become more efficient and reduce costs. XPO's growth of 12 times the industry average with a 317% increase in sales is due to our truly customized mailing solutions that address these two needs – efficiency and cost," said Kelly Herold-Martinez, CEO of XPO. "We run a streamlined operation compared to our competitors with their higher overhead costs and one-size-fits-all solutions. These factors, combined with our reputation for stability and dependability, have contributed to our sustainable growth."

Another factor that is aiding XPO's 2009 growth is that although it has been always a Women Owned Business, the company was formally certified this year. This certification is an advantage for many prospect companies and qualifies XPO for more business opportunities.

About XPO

XPO leads the industry in creating dependable customized international and domestic postal solutions which match the unique needs of each customer. It was founded in 2003 by a dedicated group of postal professionals who desired to provide a better solution to then existing mailing services. XPO does not believe in forcing its customers into a box but is committed to Inventing Your Postal Solution™. The senior management team personally creates a truly unique program, utilizing their extensive worldwide network of carriers. This service is backed by a hands-on, world class, customer support team. XPO processes millions of pieces of mail each month from smaller innovative Internet businesses to the largest brands in the world which include printers, financial institutions, and direct marketing and fulfillment companies.
